Wellsville Elementary students win VCR by recycling

"Don't throw that away! We
can recycle it. Maybe we'll win a
VCR."

Such comments were heard in
the cafeteria, in classrooms, and
in homes of the students and staff
of Wellsville Elementary School,
Wellsville, Pa. During the past
four weeks, students, teachers,
staff, parents, grandparents, aunts
and uncles have been saving
plastic containers for a
project. For Earth Day, it was
taken on by the school as an
awareness project for Earth Day.

The school decided to recycle
plastic because it is lightweight,
easy for students to carry to
school, and relatively safe. The
recycling of plastic was also done
because of a contest being
promoted by Waste Management
of York, Pa. The contest stated
that whatever school brought in
to Waste Management the most
pounds of plastic would win a
\$300.00 VCR. Each school to
bring in their plastic recyclables
would be given a tree.

Friday, April 20th, was the
last day that students could bring
in plastic. On that day, the fifth
graders at Wellsville Elementary
gathered their bags and bags full
of plastic to the school yard for
all students to see the amount of
recyclables, NOT TRASH as one
student said, which the school
collected. They were amazed at

Cpl. Recycle, back row, Don Pick, Back L-R: Dallen Kratz, Krysta Hughes, Bryan Annet,
Melinda Houghman, Nancy Perry, Front L-R: Teacher Billingsley, Craig Hummer, Don Holiday,
Shonna Stuckey, Jenny Miller, Shannon Boyer, Amanda Wood.

the sight of so much plastic,
which the students knew will not
be trashed, but will be recycled.
The total weight of collected
plastic was 660 pounds. With the
money that was earned from the
plastic, and with the generosity of
the PTO, each child and staff
member was given a whole pine

seedling from Strathmore
Nursery to take home on April
20th. They were instructed to
plant their trees on Earth Day.
Each student has been
encouraged to take an Earth Day
Pledge and recycle and to
encourage others to do the same
for the Health of our Earth.

The 660 pounds of plastic was
the greatest weight taken to Waste
Management by 2 area
elementary, middle, and high
schools. Wellsville is proud to be
the winner of a new VCR.
Thank you Recycle America, a
division of Waste Management of
York.
